Document: Gate Driver Recommendation for Central Semiconductor GaN FETs

Purpose: Since the Gate Driver specifications are critical in the utilization of Central's GaN FET devices, the following Gate Drivers, which are not manufactured by Central Semiconductor have been tested and are recommended for use with the specific Central GaN FETs listed below.

RECOMMENDED GATE DRIVERS

Central GaN Device	Recommended Gate Driver	Manufacturer
CDF56G6511N, 17N CDFG6511N, 17N	UCC28056	TI
	TEA2017AT	NXP
	HR1211	MPS
CCSPG0420N	BQ25980	TI
CCSPG0450N	MP8699B	MPS
	MPQ1918	MPS
CCSPG1060N	MPQ1918	MPS
	LMG1205	TI
